INDEPENDENT AUDITORS' REPORT

To the Partners of
CHICAGO CAPITAL MANAGEMENT, L.P.

We have audited the accompanying statement of financial condition of CHICAGO CAPITAL MANAGEMENT, L.P. as of December 31, 2003, and the related statements of operations, changes in Partners' equity, changes in liabilities subordinated to claims of general creditors and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CHICAGO CAPITAL MANAGEMENT, L.P. as of December 31, 2003, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplementary schedules is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

CHICAGO CAPITAL MANAGEMENT, L.P.

NOTES TO FINANCIAL STATEMENTS for the year ended December 31, 2003

1. **Organization and Business**

Chicago Capital Management, L.P. (the Company) an Illinois Limited Partnership, is a registered broker-dealer in securities under the Securities Exchange Act of 1934 and a member of the Chicago Stock Exchange. Revenue is generated from security investments.

2. **Summary of Significant Accounting Policies**

Revenue Recognition

Securities transactions and related income and expenses are recorded on the settlement date. Generally accepted accounting principles normally require an entity to record security transactions on a trade date basis, however, a majority of brokers and dealers record most securities transactions on the settlement date rather than the trade date.

Income Taxes

For income tax reporting purposes, the Company is a partnership, therefore, no federal income tax is provided in the Company's financial statements and the partners will be responsible for income taxes, if any, on an individual basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. **Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (15c3-1), and has elected to use the basic method as permitted by this rule. Under this rule, the Company is required to maintain "net capital" equal to \$100,000.

At December 31, 2003 the Company had net capital and net capital requirements of \$6,822,244 and \$100,000, respectively.

CHICAGO CAPITAL MANAGEMENT, L.P.

NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended December 31, 2003

4. Financial Instruments with Off-Balance Sheet Risk and Concentration of Credit Risk

In the normal course of business, the Company enters into transactions in financial instruments with varying degrees of off-balance-sheet risk. The trading of these financial instruments is conducted with registered broker-dealers on domestic stock exchanges. The Company's exposure to credit risk associated with counterparty nonperformance on the above financial instruments is limited to the amounts reflected in the statement of financial condition.

6. Clearing Agreement

The partnership agreement provides that the general partner shall solely conduct and manage the business of the Company. The general partner is entitled to a special allocation equal to 40% of the cumulative trading profit in each limited partner's capital account at the end of each quarter.

The Company has a Joint Back Office (JBO) clearing agreement with First Options of Chicago, Inc. (FOC). The agreement allows JBO participants to receive favorable margin treatment as compared to the full customer margin requirements of Regulation T. As part of this agreement, the Company has invested \$10,000 in the preferred shares of FOC. The Company's investment in FOC is reflected as other investment in the statement of financial condition. Under the rules of the Chicago Stock Exchange, the agreement requires that the Company maintain a minimum net liquidating equity of \$1 million with FOC, exclusive of the preferred stock investment.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL

To the Partners of
CHICAGO CAPITAL MANAGEMENT, L.P.

In planning and performing our audit of the financial statements of CHICAGO CAPITAL MANAGEMENT, L.P. (the "Company") for the year ended December 31, 2003, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17A-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e); and (2) in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13. We did not review the practices and procedures followed by the Company in complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures, and of the practices and procedures referred to in the proceeding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the proceeding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

Our review indicated that the Company, although not exempt from Rule 15c-3-3, had no reporting requirements because it did not transact a business in securities directly with or for other than Partners of a national securities exchange and did not carry margin accounts, credit balances or securities for any person defined as a "customer" pursuant to Rule 17a-5(c)(4) and that, as of December 31, 2003, no facts came to our attention to indicate that such conditions were not complied with during the period.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2003 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the Chicago Board Options Exchange, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
